# Custom Engraving Instructions

1. Please make sure that your custom engraving consists of clear, solid objects. We will contact you if your engraving is too complex or requires edits
2. To get your image to us, simple upload your custom image in our engraving tool and checkout.
3. If you are unable to upload your image for any reason, you can add the engraving without attaching a file. Then send us your custom image along with your order number to support@thorstenrings.com
4. If you are having trouble, contact us by email or call us at 1-888-209-4757
